

Manawatu 3P and Air Rifle Championships

Competitors Notification of change of Programme.

3P Match

As all south island shooters for this match have now got earlier flights after the changes to Air New Zealand scheduled flights for that day, and as per the email sent to 3P competitors.

Manawatu advises a change in the Match Start time:

This is now going to **10:30 am** same as it was in **2020** not as previously advertised on the earlier poster.

New poster will show these times

Note:

- Call to the line will be **10:00 am**,
- Preparation and sighting time **10:15am**.

Thanks South Island shooters in getting your flights changed.

Air Rifle Match

Manawatu wishes to advise that the match this year should all be held on **Electronic Targets**.

We have tested the new system and it is working well at present.

Shooters please be there earlier than their match if you have not used electronic targets before.

As this will be the first full match run on them.

Should we occur problems with the Electronic targets or setup:

- We will endeavour to remedy the problem and complete all matches on the electronic system.
- If this is not possible we will revert back the paper target system.

Thanking you in advance
